

Camron Marcus 15

I like coming to Dr. Coloma's because all the people here are very kind and welcoming. They do a lot of hard work to make our teeth perfect. ~~They~~ They are determined to do whatever is necessary to make our teeth look great. This is why they always do such a great job. I enjoy coming here because of the welcoming

people and the hard work they put in to giving us perfect teeth. My teeth were bad when I first came here, but because of all their hard work my teeth are great now.
