

I enjoy coming ~~every~~ to
Dr. Coloma's office because of
the warm and friendly environment.
There is a lot of individual attention
as opposed to you just being another
one of there patients. *Dr. Coloma is
not only my dentist but I consider
her to be my friend.

*Unlike my friends who dread going to
the dentist, I see it as an opportunity to
not only get my teeth cleaned, but to
catch up with old friends.
