

I love going to school  
and Dr. Coloma is nice  
and funny;

I Love Going to the dentist, because Dr. Coloma makes it fun and easy.

At the age of 18 now, I've been coming here for as long as I can remember! I love coming here because the people here are always warm and inviting. Dr Coloma is always so interested in my life and never forgets anything I tell her. It actually makes me look forward to my dentist appointments.

I enjoy coming ~~every~~ to  
Dr. Coloma's office because of  
the warm and friendly environment.  
There is a lot of individual attention  
as opposed to you just being another  
one of there patients \*Dr. Coloma is  
not only my dentist but I consider  
her to be my friend.

\* Unlike my friends who dread going to  
the dentist, I see it as an opportunity to  
not only get my teeth cleaned, but to  
catch up with old friends.

I like to come to Dr. Coloma because she is very kind and nice young lady. She is great with kids and most importantly, teeth. I love coming here because I leave with a clean and fresh mouth. I also like that she makes me feel tall. Dr. Coloma talks to me like she's known me forever. Thank you! :)

P.S. - Cindy is pretty cool, too!
