

I lyke going too Dr. Coloma's
beccauz you don't feel like you're going
to the dentist, you're going to a
room of happy peeples in funny
papamos who put noisy squirty tools
in your mouth that make your teeth
happy. She's the only dentist I
know who actually encourages that you
talk while her fingers are in your
mouth. And she lets me pick a toy
from the toy box at the end that
I play with for soon that gets lost
in the car.

The End.
